Achievements ★

Interviewbit (Competitive Coding)

username: sachinmour

- Ranked in the top 0.1 % out of over 50,000 users.

Experience ⚙️

FreeCodeCamp

username: sachinmour

Internet
2015–2016

- Built more than 30 projects ranging over Frontend, Backend, and Data visualization.
- One of the top 60 people who finished all three certifications from over 200,000 users.

Projects 💡

- Leavent** (*leavent.com*). Blogging Engine aimed at developers to help them write by allowing them to write in markdown. Ruby on Rails, JS, SASS
- Book Trading Club**. An online book trading club with a clean UI, allowing users to make requests for the books they want. Node.js, React, JS, SASS
- Synchronized Stock Charts**. Web app displaying graph with recent trend lines allowing users to see changes in real-time. Sockets, React, Node.js, JS, SASS
- Roguelike Dungeon Crawler Game**. A classic dungeon crawler game made with pixels having multiple random levels. React, JS, SASS
- Mapping Data Across the Globe**. Showing where all Meteorites landed on a world map and differentiating between their relative size by the way they are represented on map. D3.js

Volunteer Experience 👥

Fakkah

Marketing Intern

Helped them raise funds.

Cairo, Egypt
Summer 2014

Junior Einstein

Teacher

Taught underprivileged kids.

Chandigarh, Punjab
Fall 2013

Education 📖

PEC University of Technology

Materials Science

Chandigarh, Punjab
2012–2016

Coursework

- Algorithms on Graphs - Coursera (University of California - San Diego) July 2016
- Algorithms on Strings - Coursera (University of California - San Diego) August 2016

Skills 🎯

Programming Languages

- Ruby, Java, Javascript/ES6, HTML/ERB, CSS/SASS, Markdown

Technologies

- Rails, React, Redux, Node.js, Git, Linux, Nginx, D3.js
